

PRASOL CHEMICALS LIMITED

PRODUCT DATA SHEET

ADDITIV 4040

Type	: Anti-corrosion additive	Product Code: 060
Form	: Liquid	Spec. No. : PR/ADD 4040/26/01-00
Other Trade Name	: TBN Booster Overbased calcium sulfonate	CAS No. : 91696-74-1

Specifications

Transport information:

Appearance : Brown transparent viscous liquid Non-hazardous for transport

Density at 20°C (g/ml) : 1.2 typical

Viscosity @ 100°C (cSt) : 60 - 90

Flash Point, open cup (°C) : 180 min

Total base number (mg KOH/g) : 395 - 415

Calcium content (%) : 15.0 - 15.6

Calcium sulfonate content (%) : 17.5 min

Water content (%) : 0.5 max

Colour at dilution 85% wt (ASTM) : 7.0 max

Packing : 200/230 Kg in M.S. Drums

Safety and Handling : Refer Safety Data Sheet

Applications : Additiv 4040 is used for friction modification, anti-wear protection, anti-weld protection, extreme pressure performance and as acid neutralizers
Improves detergent, neutralizing and dispersive properties of lubricating oils
Used in highest performance oils for gasoline, diesel and marine diesel engines

Key features : Compatible with most mineral base oils, white oils, and synthetic base stocks
Synergistic EP/AW performance with other additives
Corrosion inhibition properties
Acid scavenging
Low reactivity with other components
Contains no chlorine, phosphorous or active sulfur
